

International Ozone Association

EUROPEAN – AFRICAN – ASIAN - AUSTRALASIAN GROUP EA₃G

Unique association that gathers the scientific and technical community around fundamental, engineering and applied aspects of oxidation techniques involving ozone or any derived or comparable oxidants for any purpose

START YOUR SUBSCRIPTION FOR 2010 and ENJOY MANY ADVANTAGES

The EA₃G Group represents the living strength of IOA in about 40 countries. Its mission is to develop educational and scientific activities to respond at the best to the needs of industry and research community in the field of ozone, derived and comparable oxidants.

The Association is a non-profit making international organisation. Membership is open to any individual or corporation having a direct or indirect interest in the development and advancement of technologies involving ozone and related compounds technologies.

Membership entitles numerous benefits resulting from collaboration of professionals from various specialities and parts of the world.

You can apply for the membership by filling the enclosed form to transmit to IOA-EA₃G Secretariat (see address and fax number below). One-year subscription rates are listed according to membership categories.

If you have any further questions or require additional information, please contact our Secretary.

Topics covered in the activities program include:

Ozone generation, secondary oxidant generation, gas mass transfer, chemical reactions of ozone in gas and liquid phases, engineering aspects, water treatment for disinfection and pollutants removal, oxidation for food processing, for pulp bleaching, for products manufacture and conditioning, development of analytical procedures and materials, development of equipments for ozone use, development and applications of advanced oxidation processes, safety and health effects.

2010 IOA events

Organization of 2010 is not yet finalized; we invite you to visit www.ioa-ea3g.org for updates about IOA activities:

> **IOA International Conference in Geneva** (Switzerland), April 28-29-30, on *Ozone & Related Oxidants: Solutions for Emerging Pollutants of Concern to the Water and the Environment*

Membership in IOA gives you the opportunity to:

- **Get the latest information** on research topics, current issues, technologies under development, new applications and equipments in connection with ozone and derived or comparable oxidants through publications and events.
- **Meet colleagues and specialists** working in your interest fields, collaborate with them to share experiences and debate positions, establish business contacts via IOA-EA₃G network.
- **Contribute to extend knowledge** about ozone and related oxidants, participating at conferences, writing papers for publication.
- **Take part in programs** for a wide admission of potentialities offered by ozone-based technologies.

IOA-EA₃G membership provides:

- Free bi-monthly IOA Newsletter, *Ozone News*, which highlights scientific and technical topics and reports IOA activities,
- Free bi-monthly IOA Journal, *Ozone: Science & Engineering*, which presents peer-reviewed research papers covering all aspects of ozone and related species issues,
- Free access to **Members area** of IOA-EA₃G's website www.ioa-ea3g.org for on-line consultation of IOA News, IOA Membership Directory, Ozone: Science & Engineering Journal, Technical and market insights, Literature review, Patents survey; Technical sheets...
- Up to 25 % discount on registration fees to *International Conferences, World Congresses* and *seminars*,
- Up to 20 % discount on *IOA publications*: books, scientific and technical reports, conference proceedings,
- Free copy of the annual *Directory of IOA Members*, for access to the world's top specialists,
- Free diffusion of technical information in Ozone News, heading Industry News and in IOA-EA₃G e-tracker
- Listing of companies in the *Guide to Industry*; Public Area of www.ioa-ea3g.org with free electronic link, advertising with special rates
- International recognition for contributions through annual awards program.

Categories and annual rates (unchanged)

INDIVIDUAL

ES	<i>Student Membership</i> Students engaged in academic work related to IOA scope that supply a supporting letter from their supervisor	50 €
EI	<i>Individual Members</i> Individuals interested in ozone technology and the aims and activities of the Association	150 €
EL	<i>Individual Members</i> From Low Income Countries: Bangladesh, Benin, China (except Hong Kong), Cameroon, Ghana, India, Ivory Cost, Kenya, Lesotho, Malawi, Mozambique, Nepal, Togo, Uganda, Vietnam, Yugoslavia, Zambia	100 €
EA	<i>Academic Members</i> Academic and non-profit organisations wishing to maintain awareness in the field of ozone application and technology	150 €

Special offer for hard copy of "Ozone: Science & Engineering"

Electronic access to Ozone: Science & Engineering is provided to all members. (Company representatives receive both versions)

<i>Additional subscription for hard copy of OS&E (opened to members of the ES, EI, EL and EA categories)</i>	25 €
--	------

COMPANIES

CyA	<i>Company with less than 10 employees, for ONE representative</i>	450 €
CyB	<i>Company with more than 10 employees, for TWO representatives</i>	750 €
AM	<i>Additional Member</i> Join their Company at a reduced subscription rate per additional Member	150 €
