

Unique Association that gathers the scientific and technical community
around fundamental, engineering and applied aspects of technologies
involving ozone and advanced oxidation systems for any purpose

You want to belong to our industry and research
network and benefit entitlements of your
subscription?

We strongly encourage you to start your membership and make
the most of the related benefits. IOA-EA₃G has many initiatives and
programs to share with you.

- **Webinar series: Ozone based solutions to address current challenges / Ozone engineering**
Over the year
- **IOA World Congress**
25-28 August 2025, Atlanta GA, USA
Ozone & Advanced Oxidation:
- **Book publishing**
 - Ozone in Medicine - The Low-Dose Ozone Concept - Basics, Guidelines and Treatment Concepts
 - Ozone Solutions for the Removal of Microcontaminants in Wastewater
- **Call for project** to develop ozone and advanced oxidation solutions face to current challenges on health, environment, industry and resources.
- **Technical guidelines and support** in answer to global or specific needs.
- **Taylor-made training course** by IOA experts.

Please find out how you can
become more involved with
IOA and its programs.

Visit ioa-ea3g.org or email
ioa@esip.univ-poitiers.fr

A wide range of opportunities

Get the latest information on research
topics, current issues, technologies under
development, new applications and
equipments in connection with ozone and
related oxidants through publications and
events with discounts on rates.

Meet colleagues and specialists working in
your interest fields, collaborate with them
to share experiences and debate positions,
establish business contacts via IOA
network.

Contribute to extend knowledge about
ozone and related oxidants, participating
at conferences, writing papers for
publication.

Take part in programs for a wide
admission of potentialities offered by
ozone-based technologies.

 **apply online** at www.ioa-ea3g.org,
page Membership, Application.

You will then receive the **membership
package** including the **Directory of
Members**, the **IOA Technical Guidelines**
published by the Ozone Engineering
Group, the Association newsletter **Ozone
News** and your details for access to the
peer reviewed online Journal **Ozone:
Science & Engineering**.

Looking forward to hearing from
you soon!
